I don't care what color the BID Board wants to use to help brand our area. That said, I believe that multiple colors in the District would detract from our branding effectiveness. If the Board wanted to change colors, I believe that we should repaint all of the receptacles. I would think the proper way to repaint the BID's decorative trash receptacles would be to contract with an auto painter or other heavy duty, say "powder coating," firm. An alternative that seems less desirable would be to have the re-painting done by brush.

As I recall color selection was important to some of our Board members. Given that, it seems to me that a color change is a full Board decision. Does Karen want this item to be on the next WBIA Agenda?

Let me know your thoughts. Thank you.

We are trying to get it done Brandon. Can you send me a new Quote without the cigarette moats, just the plain tops? Do you have alternative cigarette disposal "attachments"? (How about those units with a single little hole?)

Can you please have overnight delivered to me a new catalog including a complete guide to available colors?

Thanks. I'll get back to you as soon as I can.

Hi Don,

I just wanted to check in on your free shipping order to see if we were close to getting this order placed. Let me know!

Thanks,

Brandon Steffanus
